Subject: Duke Energy

Hello,

I did not want to fill out a complaint as I have not had an issue with Duke personally. But I do hope they will be investigated. It has come out now that the CEO's salary has more than doubled in two years and her stock awards have increased nearly 100%. Why? All Duke does is ask for increases from customers. And they want to pass on the

cost of ordered clean ups to the consumer. This is ridiculous! She was paid more than \$21.4 million last year, an increase from \$10.8 million in 2015. I guess we know why they have to ask for those increases huh? I sincerely hope this will be considered the next time they ask for a rate increase. Thanks for your time.

Regards,

Michael Meehan
